## care advice

Please regularly check that your chair's components are complete and in good working order and ensure that the chair is structurally sound and functioning properly.

Plastic components should be wiped with a soft cloth soaked in mild detergent and warm water. Rinse thoroughly and dry with a soft cloth.

In order to maintain the fabric over the five year guarantee period, the upholstery must be cleaned and vacuumed on a regular basis.

Please visit [www.verco.co.uk](http://www.verco.co.uk) for further information.
