

**table talk**

# are you sitting comfortably?

At Verco, we think about people as individuals.

And we are passionate about innovation and excellence.

It's this ethos that underpins everything we do. We are firm believers in traditional crafts – alongside the latest in technology.

So we can provide real solutions to help YOU to develop your business. Which means looking after your main asset – your workforce.

That's why we've created a range of tables to meet your every need. Exquisite veneer for prestige boardrooms. Hardworking laminate surfaces for fast paced offices.

Quality, craftsmanship and choice.

# veneered tables

## classic corniche

Uncompromising craftsmanship.

Make sure your boardroom truly reflects the quality of your company. Unbeatable value. Veneers to suit every taste.

Oak... cherry... maple. Or stained cherry for an elegant walnut or rosewood finish.

Solid wood lippings. Bull nosed profiles. Create an instant impression.

## inspirational intuition

The beauty of real wood.

Simple clean lines. Gentle curves. Attention to quality and detail. Enhanced by classic silver fittings to complement the beauty of the wood. 30mm thick top with real wood veneer and reverse chamfer to top edges.

Choose maple, cherry or walnut. Versatility. Simplicity. And ergonomic, naturally.

Intuition – real wood veneers with a twist of style.

## oblique intuition

Clean lines, simple square edge tops and minimum leg intrusion provides the most stylish solution to the increasingly popular desire for dynamic meeting areas within the workplace.

An impressive range of sizes of tables can be achieved with different top shapes with the same choice of real wood veneers and storage solutions as the Intuition range.

Making connections.

## omnia, of course

It's so versatile.

The one with the modular frame. 40mm thick top with real wood veneer. Solid wood lippings. And square edge profiles.

For individuals, with individual requirements. Make your space work for you.

Oak... cherry... maple. Or stained cherry for an elegant walnut or rosewood finish.

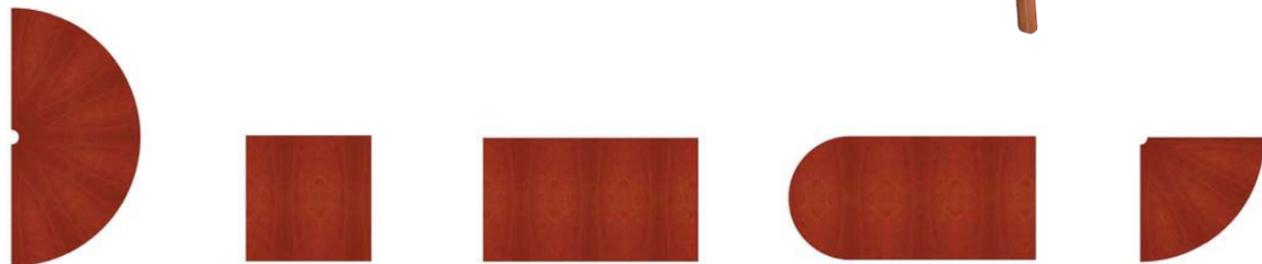

## dynamic **aerofoil**

A modern, streamlined "aerofoil" base, with integral cable management and levelling feet, makes an interesting alternative for larger boardroom tables.

Available with a choice of edge detailing with 'D' End, Rectangular or Boat Shaped 40mm thick tops, with real wood veneer.

Available in oak, maple and cherry, as well as cherry stained to walnut or rosewood.

## premier league

Timeless elegance.

A classic table with a contemporary twist. 40mm thick top with real wood veneer. Solid wood lippings. Bull nosed profile. And architectural columns for a simple design statement.

Oak... cherry... maple. Or stained cherry for an elegant walnut or rosewood finish.

## veneered tables

### hi-line finish

Everyday use... and still looking good.

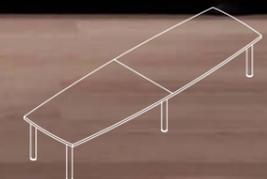

Practical and durable. Designed and built to withstand the demands of a busy work environment.

40mm thick top with real wood veneer. Solid wood lippings. Round wooden legs or arrowhead frame.

Oak... cherry... maple. Or stained cherry for an elegant walnut or rosewood finish.

# luna tables

## every office has individual needs

That's why at Verco we make sure that there is a table to suit everyone.

From the ultimate boardroom table to flexible configurations for conference and training. And with the choice of circular, square and rectangular tops, available in real wood veneer, hardwearing laminates and MFC finishes, you can make sure you have a table that's perfect for you.

# visual tables

## boardroom banter

When you really need to impress, relax, safe in the knowledge that you will...

A choice of inexpensive hard wearing tables that spell quality, for those all important presentations, or for everyday meetings. Looking good...

## meeting of minds

Everyday tables for every occasion. Whatever your needs.

For an informal chat or an impromptu gathering, Verco has meeting tables that flex to suit.

We've got the size. We have the style. Rectangle, ellipse or oval top... you choose... and arc legs provide the finishing touch.

Just a few of our many impressive combinations.

A touch of the unusual - an elliptical table, set off to perfection by pedestal legs.

Dare to be different.

# visual tables

## ...pit stop

... for people on the move...

At Verco, we really do have a table for everyone. So if style and individuality count for you, then talk tables with us...

# height adjustable

## ...as if by magic

There are always times when you must wish you could have that extra height.

Well, now you can. Height adjustable tables.

From Verco, of course.

With a choice of diameter – one metre or 900mm – take your pick.

# visual tables

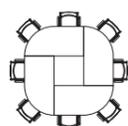

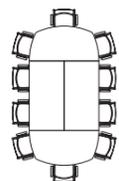

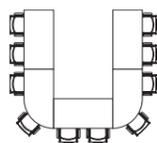

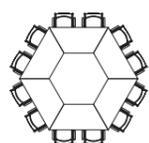

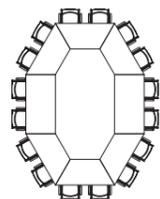

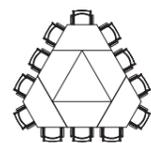

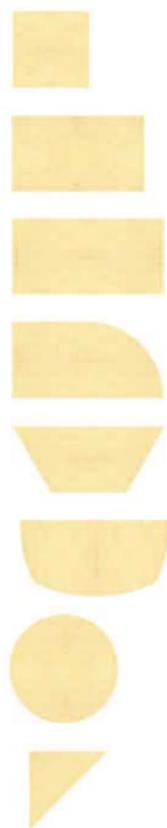

## conference and training

For when you really need to be able to create your own solution.

Quickly and efficiently... and looking good, of course.

Conference and training tables from Verco – a range of tables that will fit together... and come apart... the flexible solution that really works.

Seven table top shapes to choose from. To create your own individual solutions.

## oblique visual

Using a leg frame which not only creates a sense of light and space with its clean lines and simplicity, but allows for many different table sizes using rectangular or wave shaped MFC tops.

Complete with simple cable management, this stylish modern range of furniture is particularly flexible and adaptable.

Making it the perfect table solution for small informal meetings or larger conference rooms alike.

Let's get together.

# visual tables

## folding legs...

The ultimate space saving system with flexibility from Verco.  
Be creative. At short notice...

## ... and tilting tops...

For instant re-configuration. So easy that one person  
can change an entire room in minutes.

No bending. No stretching. No lifting.

All at the flick of a lever.

# coffee tables

## milk and sugar?

The finishing touch... for those rare moments of relaxation.

A choice of shapes...

A veneered top will always impress...

... choose mfc for a stylish and hard-wearing alternative...

... or a glass top for space and style. Whatever you fancy.

# seating

## let's talk chairs

You've got the perfect table... now choose the perfect chair!

There's a style to suit every taste.
