

5mm Acrylic OSAO Screen.
Bracket fitting to suit 25mm Oblique
Aluminium frame screens

Fitting Method

- loosley fit the brackets as shown
- slide the add on screen over the existing screen.
- pinch up the top bolt
- tighten the lower bolt until secure

*** Felt pad position.**

If screen is fitted to Aluminium frame screen with perspex panel the felt pad must be positioned towards the top of the bracket to grip the screen frame
